Priority
Executive dashboard accidentally deleted
Management cannot access critical business insights
Critical
Meeting scheduled next day
Delayed decision-making
High
Recovery Step
Action
Responsible Person
Identify deletion
Confirm deleted dashboard and affected workspace
BI Administrator
Locate backup
Find latest PBIX backup and source dataset
BI Developer
Republish
Publish recovered report to workspace
BI Administrator
Restore report
Open backup in Power BI Desktop and verify report
BI Developer
Validate access
Confirm executives can view dashboard
BI Administrator
Action
Purpose
Responsible Person
Inform management about recovery status
Maintain communication
BI Administrator
Share latest exported PDF/report if available
Provide temporary access to key information
BI Analyst
Use backup dashboard or report
Continue meeting preparation
BI Developer
Verify restored data and visuals
Ensure reliable decisions
BI Analyst
